## PROJECTS

### Personal Portfolio Website

HTML, CSS, JavaScript

- Designed and developed a fully responsive personal portfolio website.
- Implemented clean UI, smooth scrolling, animations and interactive sections to enhance user experience.

### Amazon Clone

HTML5 , CSS3

- Developed an Amazon-inspired Homepage clone.
- Implemented product listings, navigation bar, footer, and deployed the project using GitHub Pages with version control via Git/GitHub.

### Mini Web Projects

HTML, CSS, JavaScript

- Built small websites to strengthen core JavaScript concepts such as DOM manipulation, event handling, and form validation.

## ACTIVITIES & ACHIEVEMENTS

- Author of The Girl Who Owned the Stars, a published fiction novel available on Amazon,
- Active participant in hackathons and technical project development.
- Member of Model United Nations (MUN) society,
- Trained in Boxing and freestyle MMA .
